BUILDING OWNERS AND MANAGERS ASSOCIATION Metro Detroit Endorses Rick Snyder for the next Governor of Michigan

FARMINGTON HILLS, MI., October 15, 2010 – The Building Owners and Managers Association of Metro Detroit (BOMA) has endorsed Michigan’s Republican

gubernatorial candidate Rick Snyder. BOMA Metro Detroit is proud to endorse Rick Snyder for Michigan. In making its endorsement, BOMA leadership reviewed the platforms of Rick Snyder, “The Nerd”, Ann Arbor businessman and Lansing Mayor Virg Bernero and their positions on business interests. BOMA President David Mott says, “Snyder outlines the steps required to stabilize both business and communities. He has a comprehensive plan with concrete actions for implementation to improve the business climate that will grow and create jobs as well as improve government efficiencies. These will provide the framework that will lead Michigan out of its economic morass.”

BOMA Metro Detroit membership represents all facets of commercial real estate--from companies that develop, own and manage property to those companies that provide goods and services such as legal, financial, maintenance, janitorial, and landscaping in southeast Michigan. With one of the nation's highest unemployment rates, unprecedented declines in commercial real estate and home values and stagnant per-capita income growth, Michigan has been navigating a slippery slope of economic decline for over a decade. This has had a staggering impact on its citizens and businesses.

Mott adds, "We believe that Rick has the expertise, the fortitude and the sheer will required to get the job done for Michigan. We recognize it will take a strong measure of each to turn around our great state."

As part of BOMA International, which represents over 9 billion square feet of commercial properties and facilities in North America and serves 17,000+ commercial real estate professionals, BOMA of Metro Detroit provides commercial real estate professionals with the opportunity to work together for professional growth, advocacy rights, corporate growth, and the benefit of the nine Southeastern Michigan communities it serves.
