Top Ten ways we can save you money:

- 1 Quick completion of structural repairs means that tenants return to their space faster.
- 2 Fast water emergency service prevents further penetration into the structure which decreases the scope of the loss.
- 3 Performing proper dry downs to prevent the growth of mold.
- 4 Full restoration of salvageable contents, reducing the need to replace items.
- 5 Service contracts that reduce overall cost.
- 6 Ability to negotiate with the insurance company, to be certain that all damage is repaired and the correct amount of money is paid for repairs that need to be completed.
- 7 Emergency board up service means less cost for after hours security.
- 8 Experienced commercial division and large loss team that specialize in avoiding business interruption.
- 9 Salvage or restoration cleaning of carpets that are deemed to be replaced and the ability to remove spots such as copier toner, reoccurring spots, water stains, adhesive from commercial carpeting saves replacement.
- 10 By offering all of the restoration services that we are capable of handling, we reduce time and money spent in hiring several companies to complete the job.
