Winter’s near and little hands and heads need protection!

We are collecting hats and mittens for families in need in southeast Michigan and you and your tenants/employees can help. Here’s how:

- Between October 6 – November 22 collect hats and mittens for infants through adult sizes. [new items only, please.]

- Drop off your collections to the BOMA office November 28-29. Or call to schedule a pick up.

You could set up a box in your lobby area or make a Giving Tree—get creative, have fun! We can customize a flyer for you!

This is a great way to involve your tenants/colleagues and warm hands and your hearts!
