A Message from the 2021 President, Daniel Fitzgerald

In lieu of the annual Leadership Awards this year, we believe it is important to recognize the unsung heroes working among us. There are so many who have given so much to keep doors open, keep tenants and essential workers safe, keep buildings operational and safe whether open or shuttered....so many who have demonstrated courage, tenacity, and kindness throughout the last year. We ask you to consider nominating an unsung hero on your team.

Criteria for the program is based on the nominee displaying one or all the following: positive company contribution, essential services, acts of kindness, showing leadership and support within the community or your company during the pandemic.

Property Professional Members may submit one nominee per building. Allied/Supplier Professional Members may have one submission per company. Self-nominations are not permitted.

All nominations will be reviewed for completeness, for meeting the basic nomination criteria, and eligibility requirements by the Awards Selection Committee.

All nominees who fully meet the nomination criteria, the eligibility requirements and are deemed to exemplify the purpose of the COVID-19 recognition will be awarded a DISTINGUISHED SERVICE Medal at the BOMA/Metro Detroit Awards program December 10 at the Motor City Casino Sound Board.
